Commemorating the 30th anniversary of The Battle of Lewisham – a decisive turning point in the fight against Nazis in Britain. Over 10,000 people from all different backgrounds – black and white, young and old joined together to confront the National Front (NF) who had planned to march through Lewisham.

The Battle of Lewisham led directly to the formation of the Anti Nazi League (ANL) which, together with Rock Against Racism (RAR), and nowadays Love Music Hate Racism have mobilised hundreds of thousands in collective expressions of solidarity between those of differing cultures and ethnic backgrounds. Come and celebrate 30 years of black and white unity through music!
